

COVID 19 PREVENTION

The priority nr. 1 is the wellbeing and health of our guests!

As the Alpenhostel is a huge facility with more than 1800 m² it is easy to keep the security distances.

For the safety of our guests and our staff the following measures have been implemented:

- Antibacterial/viral cleaning of the rooms after each stay**
- Washing of bed sheets and towels with special washing agent (antibacterial and antiviral properties)**
- Daily disinfection of all the common areas**
- Disinfectants on each floor and each entrance/exit as well as common areas**
- Special staff training on hygienic measures**
- All staff members wear masks**
- Free face masks available at the reception**
